

LOCAL COMMUNITIES THREATENED BY 35,000 ACRE FIRE

Study Started To Learn If Truckee Now Incorporated

District Attorney Will Find Answer To Question Of Incorporation

There is an outside chance that Truckee is at present an incorporated city and that a proposed election may not be required to determine the issue.

This fact was brought to light recently with a visit from Sidney J. Webb of Orinda, whose hobby is investigating and studying incorporation of towns and cities in California.

It is Webb's opinion, substantiated by facts which he has unearthed from the Bancroft Library at Berkeley and from opinions from the office of the attorney general, that Truckee has been incorporated since January 9, 1879, although the move was apparently never activated.

District Attorney Harold Berliner has interested himself in the question and has agreed to supply an opinion on the matter as soon as a study of the records can be made.

FROM OLD FILES

In a letter to Berliner, Webb wrote:

"Upon referring to the January 10 and 11, 1879 issues of the Daily Transcript, published in Nevada City, copies of which are on file at the Bancroft Library in Berkeley, it appears that on January 9, 1879, the Nevada County Board of Supervisors incorporated, or attempted to incorporate, the Town of Truckee under provisions of an Act to provide for the Incorporation of Towns (Calif. Stats. 1856, ch. 133).

"By referring to the recent opinion dated June 6, 1900, of the Attorney General regarding the corporate statutes of Weaverville (Opinion No. 60/49), it appears that incorporation under the 1856 Act may have been permissible between 1856 and 1949, although incorporation was possible also under other acts.

"It occurs to me that, if the Town of Truckee is incorporated, such has practical significance, for example with respect to gasoline taxes and motor vehicle license fees to which it might be entitled, if it should activate itself to receive and expend such funds."

LEGAL OPINION

The attorney general's opinion, dated June 6, 1900, referred to by Webb in his letter to the district attorney was evidently written in the case of Weaverville, but has

FUNERAL HELD FOR RAY HUGHES AUG. 12

The many local Truckee friends of Raymond E. Hughes, 69, were saddened to learn of his death, August 12, in Sacramento.

He had been hospitalized for some six weeks. He was buried in the St. Mary's Lawn Cemetery, Sacramento, August 16. His wife, Clara, died last summer in the family summer home at Donner Lake.

Surviving are his daughters, Mrs. Mary Lue Beaman of Woodland, Mrs. Dorothy Leake of Sacramento, and Mrs. Bonnie Koven of San Francisco; a stepson, James Griggs of Dixon, and 16 grandchildren.

Hughes was probably the best known sheepman, wool buyer and livestock dealer in central and northern California. In the 1920's and 30's he operated under the firm name of Holmes and Hughes. This partnership had the largest spread of sheep in the state.

In later years Hughes was associated with Melburn Mills, Truckee, in raising sheep and to a minor extent he and James Sherritt had stockraising interest.

For years Hughes had as pheasant hunting guest on his Nicolus Sutter Bypass ranch many of our local nimrods. These local men were: Melburn Mills, Charles Osburn, Jim Sherritt, "Pike" Boehm, Hobie Sndier, Joe Mattos, Tony Ghirard, Willie Curran and others.

TIRES ARE STOLEN IN WAREHOUSE THEFT

Approximately \$300 worth of tires were stolen Friday night from the Flying A warehouse on West River Street. Charles Osburn who operates the agency, said eight tires were taken and the thieves apparently abandoned three more tires and two cases of oil which were left near the door. Entrance was gained through the front door by twisting off the lock.

Sponsor Sale

Members of the W. S. C. S. are sponsoring a rummage sale to be held August 25 and 26 at the Church of the Mountains of Truckee. They are looking forward to a generous patronage of their bargains of clothing and other interesting articles, something for everyone, according to Mrs. Ivan Wilson.

Donner Museum Is Slated To Be Built During Next Year

State Senator Ronald G. Cameron assured members of the Truckee Donner Chamber of Commerce at yesterday's luncheon meeting at Donner Lake Lodge that the Donner Memorial State Park interpretive center will be under construction next year.

He told the group that the money is appropriated, plans have been approved and the site selected.

It was indicated that work will start on the \$200,000 structure early in the summer or late spring and will be ready for occupancy by next fall.

Cameron invited the chamber members to attend meetings of the park and recreation committee of the senate at Squaw Valley September 1 and 2 when all aspects of the operation, proposed expansion and disposition of that state park will be aired. Lee Apple presided at the meeting.

Last night the legislator spoke before a meeting of the Truckee Lions Club.

Hensley Rites Are Conducted Sunday

Funeral services were held Sunday at 1 p. m. at the Truckee Colonial Mortuary for Hubert Carl Hensley, 30, fatally injured in an automobile mishap on Donner grade last Thursday morning. Burial was in the Truckee cemetery.

Hensley, a native of Truckee was born July 10, 1930 and was the son of Mr. and Mrs. Okla Hensley of Marysville. Recently he had been employed at Marysville as car-renter for the Southern Pacific Company.

There are five brothers and three sisters surviving as well as his parents. The brothers are Major of Sparks, Nevada, Clifford R. of Truckee, L. C. of Norden, Bill and Ray of Marysville. Juanita Mae Rogers of Marysville, Norma Alexander of Reno and Shirley Anderson of Bakersfield are sisters.

Mr. and Mrs. Lowell Hensley of Truckee and Dennis Hensley of Norden are uncles and aunt of the deceased.

Hensley was killed when the car he was driving plunged off Donner grade. It is presumed he may have fallen asleep at the wheel.

FOOTBALL PLAYERS TO REPORT FOR JOB

Monday, August 29, is the day for the opening of the Tahoe Truckee High School Wolverines' 1960 football season. On this date all candidates for both the varsity and junior varsity squads are to report to the high school anytime between the hours of 9 a. m. and 3:30 p. m. to be issued equipment.

However, every boy must present a completed physical examination and parental permission form in order to receive his equipment. Anyone who has not received these forms by mail may pick them up at the school or call LU 7-3574 and have them sent by mail.

MINISTER IS INJURED WHILE FIGHTING FIRE

Rev. George Symons, pastor of the Church of the Mountains, Methodist, suffered painful but not serious injuries at 3 a. m. Sunday morning when a light forest service truck he was operating while fighting the fire back of Donner Lake overturned. He was taken to the Tahoe Forest Hospital for treatment and required to stay in bed for a few days.

A PORCELAIN PIECE
A porcelain plate with handles designed with one of 925 different scenes by Wedgwood is currently displayed at Heller's Variety. The famous ware dish was done at Etruria, England, the potter Thomas Byerly, 1804. Josiah Wedgwood apparently turned out the porcelain from 1761 to his death in 1795.

From Defiance—

Mr. and Mrs. Jerry DeRoth of Defiance, Ohio, former neighbors of Mr. and Mrs. Roy Waters were Wednesday guests of the latter couple.

Prosser Project Is Viewed By 100 In Tour Of District

Work Is Well Under Way On Major Project In Truckee Area

More than 100 guests of Carson-Truckee Water Conservancy District of Nevada, of which Edward M. Peckham is president and John Thornton of Fallon, formerly of Truckee, is a member, last Thursday made a tour of the Prosser Creek dam site and enjoyed a luncheon and dinner meeting at Reno. R. A. Heintz, owner, and Jack Budd, general manager of the Heintz Construction Company, explained the project to the assemblage, pointing out that it is 12 per cent completed.

The two buses stopped at a high bluff overlooking the project and heard brief explanatory talks by Peckham, H. P. Dugan, regional director of the bureau of reclamation at Sacramento, Vern Hanson, Carson City, project manager, and others.

They also inspected progress on the new alignment of State Route 89 in the vicinity and Isbell Construction Company treated the

(Continued on Page 8)

Last Rites Are Held For Edgar R. Myers

By VIRGINIA O'BEAR

Funeral services were held Tuesday afternoon at 2 o'clock in the Truckee Colonial Mortuary for Edgar R. Myers of Donner Lake, who expired last Friday.

Interment was in the Reno Masonic cemetery and pallbearers were Sonny Hollendeck, John Finnegan, William Knapp, William Curran, Marsh Finch and Charles O'Beare, Jr. The Truckee Colonial Mortuary was in charge of the arrangements.

Myers was born January 21, 1897 in Nappanee, Indiana. He came to California 16 years ago and owned and operated the Hut at Homewood for 12 years. The past few years he had been in retirement and had made his summer home at Donner Lake and spent the winters at 29 Palms.

Besides his wife Mary, he leaves a daughter, Geraldine E. Bonano and son-in-law, Tom, a grandson, Mike. He has a brother and a nephew in Indiana and a sister in New York who were unable to attend the services.

It was requested to omit flowers and instead, the family asked to contribute to the Heart Fund in Pop's honor.

The many friends of the family at Tahoe and Donner Lake are saddened by his unexpected death.

NEW MANAGER WILL BE AT SUGAR BOWL

Mr. and Mrs. Edward Siegel have arrived at the Sugar Bowl where he will be manager, replacing John O'Rear who operated the popular resort last winter.

For the past year Siegel has been manager of the China Peak Ski Resort at Huntington Lake, 70 miles east of Fresno. Prior to that he was manager of the Alta, Utah, Rustlers Lodge for four years and is very familiar with the operation of resort business.

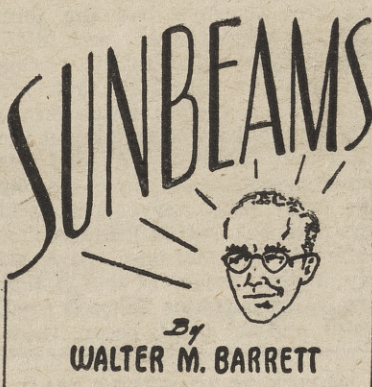

Both Mr. and Mrs. Siegel are ardent winter sports fans and are most pleased with their new location at the summit.

MRS. QUICK IS FETED AT BABY SHOWER

Mrs. Richard Quick was complimented at a baby shower August 17 with Mrs. Ben King as hostess of the pleasant affair in her Gateway Park home. The table was attractive in its appointments of yellow pom poms and blending candles, including a decorated cake. The honoree opened her gifts and games were played. Out of town guests included Mrs. Quick's mother, Mrs. F. Lang and sister, Linda Lang.

SON IS BORN

Mr. and Mrs. George Wayne Davis of Truckee are parents of a seven pound, two-ounce son, Rodney Dwayne, born Friday, August 19 at the Tahoe Forest Hospital.

In case of an emergency such as the forest fire which swept over this area during the week, it is hard to give all proper credit. It must suffice that the communities involved are deeply indebted to everyone who had a hand in suppressing the blaze. The forest service, as usual, played a leading role in the drama, pouring men and equipment into the battle and fighting against terrific odds to bring order out of what often appeared a hopeless situation. Credit goes too to the highway patrol, power crews, the sheriff's department, the fire departments, the civil defense units and the army, national guard, navy and even to the prison inmates as well as thousands of civilian personnel who risked life and limb in the war against one of nature's most violent moods. The communities affected by the fire are all deeply thankful for the efforts expended and should have not one word of criticism. The fire again points out the necessity for more than usual precaution in handling fires, matches and smokes in the woods.

Smart's Bowlers Win Tournament

Smart's bowling team, consisting of Bill Scanlon, Bob Leamon, Eddie Sardi, Angelo Menze and Joe Straub, won the Industrial Summer League match at the Kings Beach Bowl last week and Tuesday was presented with the trophies.

The Tahoe Toggery was in second place. This team comprised Gene Thompsons, Roy Porath, Len Woods, Hal Gruendeman and Fred Rasch. Skeet's Builder took third place, the Buckhorn was fourth and others in the order of finish included North Shore Automotive, El Dorado Distributors, Mann's Jewelry, Mike Brown Company, Kings Beach Shell and Mandeville Construction.

High game went to Al Putynowski with a 232 with Fred Rasch second with a 224. High series went to Joe Straub with 632 and Earl Sutton with 564.

High team series was awarded Smart's with 2,463 and Smart's also took the high team game with a 883.

NEWLYWEDS FETED AT WEDDING PARTY

A marriage of interest here united Mrs. Estelle Thomas and P. H. Greenhouse August 14 at Reno with a double ring ceremony.

Mrs. Greenhouse has been a Truckee resident during her life, a member of a local pioneer family and the bridegroom is a retired electrician, having been employed by the Southern Pacific Company here for a number of years.

Mr. and Mrs. Nick Comola were hosts August 17 at a party, honoring the newlyweds. Mr. and Mrs. Greenhouse reside at his home in Meadow Park and have many friends who have stopped in to wish them happiness.

2,521 GETTING SOCIAL SECURITY IN COUNTY

At the end of 1959, as federal social security was starting its 25th year, old-age, survivors, and disability insurance monthly benefits were being paid in Nevada County to 2,521 persons at the rate of \$159,072 a month, according to King C. Torgeson, manager of the Sacramento social security district office.

"This is an increase in number of beneficiaries of about 6 per cent since February 1959, the last previous date for which Nevada County figures are available," he said.

Gateway Visitors—

Mr. and Mrs. Stan Neighbors and children, Don and Ilene, of San Diego and Mr. and Mrs. Joseph Gomes and children of Sacramento were visitors of Mr. and Mrs. Robert Leamon this week.

Pilot Killed When Plane Crashes On Forest Fire Flight

Fire At Independence Lake Controlled As Pilot Dies In Crash

A U. S. Forest Service pilot was killed last Thursday afternoon when his plane crashed while dropping borate on a forest fire near Independence Lake.

Dead as a result of the crash was Donald Gilbert Akers, 35, of Santa Maria. He was operating out of Beckworth Airport, where the forest service has been mixing borate to fight recent fires in Plumas and Tahoe National Forests.

Witnesses to the crash said that Akers' plane a navy torpedo bomber converted to use with borate, may have hit a snag while trying to gain altitude after a borate drop.

The scene of the crash was about one and a fourth miles northeast of Independence Lake not far from the Henness Pass Road.

The Sierra County sheriff's office and the California Highway patrol were first to reach the scene of the crash and make positive identification of the victim.

Akers' body was taken to Truckee by the Truckee Mortuary, held there until relatives arrived.

The forest fire on which Akers was working started last Wednesday about 3 p. m. on Independence Creek near Independence Lake. The combined efforts of borate planes and ground crews smothered the fire by late evening before it could grow to major proportions. Complete control was achieved last Friday.

KUMLE ESCAPES WHEN CAT CAUGHT IN FIRE

Gilbert Kumle, who operated one of the Nevada County cats during the fire this week, had a narrow escape when he was almost caught by a crowning blaze on the ridge back of Donner Lake. Right in the path of the flames, Kumle had to abandon the equipment when the seat cushion and handles caught fire. He was slightly burned on one arm and hand, but fleet feet prevented any major injury.

Both Kumle and the cat were returned to work on the fire later. Lowered winds in mid-week lessened the threat to the main telephone cable between Reno and Sacramento. Telephone crews worked to protect the cable where it was menaced by both the Donner Ridge fire northwest of Lake Tahoe and the Foresthill blaze in the Blue Canyon area southeast of highway 40 near Emigrant Gap.

Crews cleared a firebreak around the cable's Cal-Vada repeater station 12 miles west of Reno and 17 miles east of Truckee as flames from the Donner Ridge blaze swept to within one and one-half miles of the station.

Lowered winds in mid-week lessened the threat to the main telephone cable between Reno and Sacramento. Telephone crews worked to protect the cable where it was menaced by both the Donner Ridge fire northwest of Lake Tahoe and the Foresthill blaze in the Blue Canyon area southeast of highway 40 near Emigrant Gap.

Crews cleared a firebreak around the cable's Cal-Vada repeater station 12 miles west of Reno and 17 miles east of Truckee as flames from the Donner Ridge blaze swept to within one and one-half miles of the station.

The communities of Emigrant Gap and Blue Canyon were not in immediate danger.

MISSING HIKER FOUND IN SUMMIT DISTRICT

After being missing in the rugged area near Lake Azalea and Lake Flora for more than 24 hours, Aaron Shapero, 41, Berkeley was found Thursday afternoon by Roger Johns of the U. S. Forest Service and was none the worse for the adventure.

Shapero had left Sierra Club's Clair Topper Lodge at 9:30 a. m. Wednesday and when he did not return as scheduled, a search was organized by sheriff's deputies and forest service personnel.

SAM MEDFORD GETS HONOR AT NEVADA

Sam Medford will attend the University of Nevada, having received a scholarship for that purpose. Medford's name is to be placed on the perpetual trophy at the Tahoe Truckee High School for being the outstanding senior athlete of the year.

From Freedom—

Rev. and Mrs. Wesley Osman formerly of Truckee were visiting friends on a vacation trip from Freedom.

Happy Returns—

Mr. and Mrs. Clarence Osburn celebrated their wedding anniversary August 20 with a family party.

\$415,000 Allowed For More Work On Truckee Shortcut

Another portion of the Brockway shortcut between Truckee and Kings Beach is scheduled to widening and realigning.

The state division of highways has called for bids for widening and realigning a three-mile section beginning 2.6 miles north of Kings Beach on State Sign Route 28. The bids will be opened September 21.

The route is part of the federal aid secondary system of county roads and the project is entirely in Placer County.

A total of \$415,900 is available for the project including \$223,795 in FAS funds, \$164,605 in state matching money and \$22,500 in county funds.

The Nevada County portion of the highway was completed last week and adjoining a section completed last year in Placer County.

Couple Rescued With Helicopter

A daring helicopter rescue was effected Monday night just before dark when the lookout on Verdi Peak, Mrs. Lane Endicott of Kings Beach and her daughter, Mary Beth, a telephone operator at Tahoe City, were lifted out of the path of the raging inferno which swept the area.

Fire Control Officer Nelson Stone was being piloted over the area by helicopter when he saw the flames spotting close to the lookout station. The "copter circled the area, located a flat spot near the station and the two women were taken aboard and flown to the Truckee airport to be met by auto.

The flames did not consume the station but came perilously close and were thankful for the escape.

TELEPHONE CREWS BUSY DURING FIRES

Telephone men maintained a close watch this week on vital communications cables and equipment as fire fighters battled to contain the blazes raging through the Sierra.

Lowered winds in mid-week lessened the threat to the main telephone cable between Reno and Sacramento. Telephone crews worked to protect the cable where it was menaced by both the Donner Ridge fire northwest of Lake Tahoe and the Foresthill blaze in the Blue Canyon area southeast of highway 40 near Emigrant Gap.

Crews cleared a firebreak around the cable's Cal-Vada repeater station 12 miles west of Reno and 17 miles east of Truckee as flames from the Donner Ridge blaze swept to within one and one-half miles of the station.

CLEMENTS CLOSES TO CONSERVE POWER

Most everyone in Truckee had power and lights within 24 hours after the lines were destroyed by the forest fire Sunday afternoon. One of the exceptions was the Clements Rock Products Company west of town.

Because the heavy equipment there pulls a tremendous load of power when in operation, the manager, Jack Houlgate refrained from turning on the power since, in all likelihood, it would have caused a failure on the temporary line, depriving other business of the service.

Although they had many orders to fill, the manager decided not to take the risk of plunging the area into darkness again, thus earning the thanks of the community.

RAINBOW FASHIONS

The Order of Rainbow for Girls, Hope Assembly have finished preparations for their Fashions in a Teacup show to be held August 28 at 2 o'clock in the Masonic Temple at Truckee. Entertainment and refreshments are to be a part of the pleasing affair, Ginger Barnes, publicity chairman announced.

To Wed—

Jo Anne Conley, 25 and Scott Larkin, 32 both of Reno obtained a marriage license there during the weekend.

3,200 Men Battle To Save Towns In Path Of Flames

Fire Now Under Control As Mopping Up Work Is Started

(Bulletin)

Dana Cox, information officer for the forest service, said this morning that by noon the Donner Ridge holocaust would be 100 per cent contained if present conditions continue.

The slopover, which took another 400 acres on the Verdi Ridge yesterday, was contained last night and a narrow strip of Crystal Peak will be sealed off by noon.

Mopping-up operations are continuing along the 25-mile line of the fire.

The weather forecast was for a maximum west wind of 15 miles an hour today, a hopeful outlook for the weary firefighters and officials.

Three thousand, two-hundred weary fire fighters were resting easier today after bringing under control the worst forest fire which has ever struck this immediate area of the Sierra.

Baring the remote possibility that a stiff wind may activate one of the many spot fires in the 23-mile line of the blaze, the Donner Lake burn today is a matter of sad record, and communities including Truckee, Donner Lake, Hobart Mills and Verdi were sleeping for the first time since the inception of the conflagration Saturday morning at 11 o'clock.

Forest service officials are still probing the cause of the fire, with the popular conception being that it originated near where contractor crews were clearing the right of way for the new four-lane freeway at the west end of Donner Lake. The investigation will continue, according to Ed Grant, former local ranger, who officiated as information officer during the fire, until a definite answer is learned. Only then will an official announcement be made.

At the height of the fire, which destroyed nearly 35,000 acres of timber in a perimeter of more than 70 miles, 3,200 men were employed

(Continued on Page 8)

Loss Of Power Here Causes Confusion

There was a general exodus of vacationists and summer residents from the area as a result of the fire and power failure Sunday afternoon, but most have returned.

There were inconveniences to many but few, if any, hardships. The Tahoe Forest Hospital operated on its auxiliary power plant and most people resorted to candles, oil lamps and flashlights for lighting.

Some of the local gasoline stations operated by pumping the fuel by hand—but without extra charge to their customers. This was not true in other parts of the area where gasoline was reported to be selling for as high as \$1 a gallon in isolated cases.

Some businesses which operate on electric power, including the Sierra Sun, were forced to suspend operation during the 22-hour blackout.

Sierra Pacific and PG&E crews stood by waiting for the fire to cool sufficiently to get lines restored. One of these crews was nearly caught in a crowning fire, but managed to get to safety.

REGISTRATION WILL START FOR STUDENTS

Registration of elementary students and high school students who have not enrolled at any time in the Tahoe-Truckee Unified School District, will be held during the week of August 29, at the following schools: Kings Beach Elementary School, Tahoe Lake School, Truckee Elementary School, and the Tahoe-Truckee High School.

School offices will be open from 9 a. m. to noon, and from 1 p. m. to 4 p. m. each day of the week.

Children entering kindergarten or first grade must have evidence of their birthdate—birth or baptismal certificate. Kindergarten children must have their birthdate on or before December 1, 1955; first grade children must have their birthdate on or before December 1, 1954.

Lunch will be served in all schools of the district on September 12, the first day of school, and daily thereafter.

Promotion—

John Saibini of Reno is reported to have been given a promotion in his position with a Nevada corporation. Saibini formerly lived at Boca with his family and attended local schools and continues to spend part of his time at his Donner Lake home.

West Shore Notes

By NINA SLADE
LAmbert 5-7751
P. O. Tahoma, Lake Tahoe

It's a cinch we know now, after the blackout, whom we'd most like to be marooned with atop a mountain in any emergency situation. It's the old-timers who've seen it all before and have the wit and patience to know "this, too, will pass," plus the ingenuity and endurance to "make-do" and be thankful things aren't worse. Tourists are fine when it's fair, but when it's foul, heaven help the hapless in their paths. Writing this by kerosene lamp, we're thankful someone had the foresight to keep it handy and filled. Checking our refrigeration, we cannot but be thankful that the weather has cooled; which means our food will probably last out the electricity blackout. A fond eye caresses our wood stove—despite the many times we've considered tossing it out—as we managed hot coffee in the morning. And, we say another prayer of thanks that lovely, luscious blue Tahoe is fresh water, and not a salty ocean. Those

who have the will and the spirit are managing beautifully — those who have not are fleeing as fast as they can get gas, leaving vituperative trails in the ears of resort owners who are helpless before such a series of events over which they have no control.

Friends gathered from all around Lake Tahoe last Sunday night to wish William Wallace (Tommy) Mein, Jr. a happy birthday. It was youthful Tommy's "50th" and among those on hand to wish him many happy returns were the John Merriells, the Frank Fullers, the Charles Fays, the Charles de Brettes, and the Albert K. Millers and their Tahoe house guests the Michael Grahams, the Ernest Ophuls, actress Vivien Leigh and her leading man in "Duel of Angels," John Merivale. Others joining in the celebrations were the Hector Escobos, the Francis A. Martins, Jr. and Launce Gambles.

The Brooks Walkers entertained a group at cocktails last Saturday. A small dinner was hosted by the Martins. The Charles Fays took the Cabot Brown home for a week.

Going down for east bay deb parties several times in the next few weeks from their Tahoe place will be Mrs. Edward B. Wallis of Piedmont and daughter Jo Ann, who'll be presented at the winter ball. Jo Ann will share honors with another East bay deb, Helen Austin, at a tea this Saturday given by Mrs. Hugh Brerington, Mrs. Elbridge Green and Helen Sander.

Louis J. Celia was re-elected president of the Tahoe Cedars Property Association at a recent meeting. Other officers are Capt. E. F. Beck, vice president; Mrs. Victor Ferris, secretary-treasurer. Board members are Mrs. Florence Whitman, re-elected; Mrs. Dorothy Bushey; Mrs. W. Poulter; Mrs. May McClean; Mrs. Bob Campbell; Mrs. J. Elek. Auditor is Mr. Dan Cozzi and counsellor Mr. Victor Goehring. At the August 11 meeting of the members a resolution was passed to have the tract incorporated. Attorney Goehring is proceeding in this matter. Presi-

DONNER DOINGS

By VIRGINIA O'BEAR

I am thankful that I am sitting here at home doing my column this week. For awhile Sunday I had my doubts because the fire was practically in our back yard. I had all our personal things with sentimental value all packed in our car ready to take off at a moments notice. After moving things back in today I discovered there were many things that would have lost had the fire gotten down here and I am

so happy that we had our firemen and the civil defense department standing by to protect the homes and businesses along the lake and highway at Donner Lake. Many people asked why the local fire truck and the civil defense trucks stood by instead of going up on the hill and fighting the fire. They had orders to stand by in case the wind changed which would have destroyed all the homes and businesses in our area. We all can be very thankful to the thousands of men who fought fire in the cold wind for several days.

An open letter to Arline Johnson: You and your Thunderbird Bareback Drill Team are invited to

appear at the Truckee Little League baseball field on September 4 at 3 o'clock. We have Dr. Tapia of Truckee to thank for arranging this delightful event which I am sure the public will enjoy without charge. A letter will be on its way soon Arline but since I know you read my column every week, I'm using this way of letting you know sooner. We will be looking for you to come up from Novato and incidentally, how's Henry's Ole Place?

We have some very, very proud grandparents at Donner Lake this week. Mr. and Mrs. Roy Slate have their first grandchild now as he arrived last Friday morning and the proud parents are Mr. and Mrs.

FOREST SERVICE TO RESEED BURN AREAS

An estimated 500 sacks of seed bearing cones will be needed by the Tahoe National Forest from this year's crop of cones, according to Forest Supervisor H. E. (Hank) Branagh.

The collection of local seed is the first step to be taken in rehabilitating the Tahoe Forest timber stands which were destroyed by fire last fall.

About 3,000 acres of National Forest land in the Mountain House burn and 20 acres in the Marsh Mill burn are to be planted as early as possible. Seed collected from this year's crop will be planted at the Placerville nursery and grown to seedling size for transplanting in the burn during the next three

George Davis; the Davis' live at the west end of Donner Lake and all of us are happy to welcome little Rodney Duane as a permanent resident.

The Ladies Auxiliary met at the Crystal Bay Club last Thursday night and had a very enjoyable time. Twenty-nine ladies enjoyed the dinner and the next meeting will be at Donner Lake Lodge, September 15. A dance is in the planning for September 17 to raise money for the Donner Lake Volunteer Fire Department.

The column is short this week because of all the fires and especially because we have lost a very dear friend. We will all miss Pop Myers but there is one thing for sure, we will never forget his smiling face.

years. Cone collecting will begin next week and will be done partly by forest service crews and by individuals who have made prior arrangements with their local district forest ranger. Cones collected by individuals will be purchased at prearranged prices per sack of seed-bearing cones. Ranger Frank Sodolski will supervise the extraction of seeds from the cones at the White Cloud Guard Station.

The planting program of the Tahoe National Forest is designed to meet two objectives. First, prompt revegetation of current fire losses and second, a systematic conversion of the large areas of brush covered land which are capable of growing commercial timber.

In 1960, a big step was made in meeting this objective. A total of 1,083 acres of the Cold Creek burn was planted with 420,000 seedlings and an additional 217 acres was seeded. Only 375 acres of this burn remain to be planted.

The Big Bend District burn on the Foresthill District was planted after ground preparation of 129 acres. A total of 56,000 seedlings were used.

The Nevada City District continue its brush conversion program and planted 63 acres of cleared brush land using 28,000 seedlings from the Placerville nursery.

The Big Bend District planted 30 acres in logged over area and the Camptonville District planted 15 acres.

In sum total, Tahoe officials report the forest planted 1,320.5 acres and seeded 217 acres using a total of 523,000 seedlings and 200 pounds of specially treated and coated seed.

**\$17,000 GRANT TOO
LATE FOR DISTRICT**

KINGS BEACH—The North Tahoe Public Utility District has had to turn down a \$17,000 grant because it arrived too late and the

**GOLF TOURNAMENT
SLATED SEPT. 9-10-11**

CRYSTAL BAY—Area amateur golfers again will flock to the shores of Lake Tahoe's north side on September 9-10-11 for the fourth annual fall invitational golf tournament. The two-man best ball teams, including flights for both men and women will play 54 holes over three lake shore courses: Brockway, Glenbrook, and Tahoe City.

Resident players at the lake resort district is not now in a position to put up matching funds to qualify for the grant.

Manager Ed Frances said the district has invested \$40,000 in a project to enlarge and improve the effluent disposal ponds. The work had to be done before the July 4 tourist rush but the federal grant was not approved until after the start of the 1960-61 fiscal year July 1 and the money cannot be applied to work done in the last fiscal year.

The district's assessed valuation now totals \$4,015,435, an increase of about \$712,000 over the figure of last year. Much of the increase was due to the annexation of additional territory.

**NO HARD LIQUOR FOR
STATE FAIR PATRONS**

SACRAMENTO — (CNS) — Directors of the California State Fair, bowing to criticism from church groups and newspapers, have decided to confine service of hard liquor at the fairgrounds to their own directors' room, for this year, at least.

The concession's committee of the board of directors announced plans to install a bar beneath the race track grandstands had been dropped for this year.

"The concessions committee is in complete agreement with the board of directors that liquor shall be served in the grand stand area, but we feel we should make arrangements to put it in a proper manner so it will be acceptable to the public. There is no time to do it properly this year."

In addition to criticism from church groups and others over providing hard liquor for the \$2 bettors, the directors had met criticism over their plans to let the concession for the proposed bar without going to bids. The decision to install the bar had been made only about a month ago and directors said there was not sufficient time to put the concession out to bids.

At present, beer is sold at the race track area, as well as throughout the grounds.

The only liquor provided at the fairgrounds is at the directors' own room, where admission is limited to the directors, legislators and certain other officials.

port all three of the nine-hole layouts are in the best condition in many years.

This fall golf classes usually attracts a field of outstanding amateur players from California, Oregon, Arizona and Utah, but it still is classed as a "fun" tournament for the higher handicap players who take part in it.

The \$50 entry fee for each player entitles him to a Calcutta dinner, to be held Thursday, September 8 at the Nevada Lodge; free dinners on Friday and Saturday nights at Cal-Neva Lodge and the North Shore Club; and a Sunday dinner and presentation of awards set for Crystal Bay Club at the conclusion of the tournament.

SUN ADS GET RESULTS**STRIKES & SPARES**

BY JOE WILMAN
GIVE YOUR BALL
NATURAL SPEED

A hook ball will hook too much and too soon if there isn't enough speed on the ball. If it hooks too soon, there probably won't be too much stuff on it when it strikes the pins. It will deflect too much, or run into the nose.

A straight ball, too, suffers from not enough speed. It will also deflect to the right when it hits the 1-3 pocket. Many ladies—and some men, too—suffer from too little speed.

In order to increase your speed naturally, try increasing the length of your pushaway motion.

Push the ball straight out in front of you until your arms are fully extended before letting the ball fall into the backswing. The picture shows such a pushaway. If your backswing wasn't as high as it could be before, this increased arc of the arm swing should help increase it. The longer the arm swing, the more speed you'll have.

You may have to adjust your footwork to fit this longer arm swing. Your steps may have to slow down a bit to keep in perfect timing with the new arm swing.

But, you CAN give your ball more speed in a natural way. Try it and see!

**NEW FIRE STATION
FOR TAHOE PLANNED**

By NINA SLADE

TAHOE CITY—Al Henry, chief of the Tahoe City Volunteer Fire Department, reports that a new fire house to be built on the present site, next to the post office, building is scheduled for construction in September. Architect Clarence Felcioni, AIA, designed the structure which will house six men and the seven pieces of equipment.

Chief Henry reports this new building is a prelude to future stations which will eventually be built at Dollar Hill and Tahoe Park.

Henry and his men have been on the run with fires popping up everywhere in their own district the past week and is trying to assist in every way they can with the fires at Donner. There are now 25 volunteers in the Tahoe City Fire District.

Land Lighthouse at Erie, Pa., built in 1818, is one of the first beacons established on the Great Lakes.

dent Celia reports that property owners will be notified by card when the hearing on zoning for the tract is held.

The Tahoe Yacht Club races played to a big gallery and it was reported that two racers collided

sinking one boat. Many parties preceded and followed the races, among them a large gathering at the Stan Goods.

Only the tall, proud trees reminded one of the glory that was once Pomin's and later May-Ah-Mee Lodge's elegant and gracious grandeur of the old days when the auctioneer set up his ladder to sell

old buildings and remaining furnishings. The huge lodge went for \$100 to a buyer from Pittsburg who plans dismantling it and setting it up again there. Cottages went for \$100 to \$450, and some tourists were pretty disgruntled when they learned that sales in "lots" did not mean the land itself.

A fire near the Holiday Trailer Court last Saturday called out Tahoe City Volunteer Firemen and when it flamed up again Sunday at 6 a. m., the boys were on the run again.

Tahoe friends of Fred Cowell will be saddened at news received of his sudden and unexpected death in Honolulu, where he had been working, on August 4. The Cowells lived at Tahoe City for many years where he worked as a carpenter before moving to Covina. He is survived by his wife, Viola of Covina; his eldest son, Robert, employed by the California Fish and Game Commission for many years; and son Donald, who owns a floral shop in Covina. The body was cremated in Honolulu and simple Masonic graveside burial services were held later in the south.

Mr. and Mrs. E. P. Brandt and family of Oakland are back at Tahoma Resort for their 20th year. Also returning for the 20th year are Mr. and Mrs. Eugene Klass of Los Angeles. Klass is a cellist in the movie studios there.

Looking lovely as a young girl on her first date was Mrs. Doreen Fanger when she stopped to say goodbye, as she was leaving for a jet trip to New York to join her brother, Victor Winchcomb, her sister, Mrs. Sheila Drangel, and her sister Mrs. Dennis Bottrill who came to the states with Mrs. Drangel last month. Doreen and Mrs. Bottrill haven't seen one another in many years and she's looking forward to a grand and glorious family reunion at the family homes in Locust Valley and Syoset, New York.

The Lake Tahoe Sierra Emblem Club No. 347 is anticipating being host to the Northern District meeting of the State Association of Emblem Clubs, to be held at the Nevada Lodge on Saturday, August 27. There will be a workshop and get-together starting at 10 a. m.; luncheon at 12:15, and workshop to continue from 1:15 to 3. All members are invited and urged to attend. Next meeting of the club will be an initiation of new members at the Elks Lodge in Tahoe Vista on Tuesday, September 6, at 8 p. m. instead of the usual meeting date on Monday, due to the Labor Day holiday.

The Ray Grainers were happy to have their daughter, Colleen Henline and her husband of McCloud visit them for a short while the past week, with their children Deborah and Eddie.

Ralph Stanley entertained an old friend, Harlan Stevens and his bride Mary, honeymooning on a trip west from New York. Stevens is a general superintendent of the fabulous Frontierland in New York and will stop in Texas en route home to negotiate about opening one there. Stevens used to work for Stan in Santa Monica years ago. Stan enjoyed the marvelous color stills of Frontierland that Stevens brought to show him.

Frances Gardner of Cedar Shadows celebrated her birthday August 17 Reno with neighbor and friend Carrie Warnack.

Mrs. Florence Barnhard's son, USN Commander Clyde Barnhard, stopped at Tahoma to see her en route from Arlington, Virginia to

his new station in Kodiak, Alaska. Young daughter Sindra accompanied the family and she will stop in Pullman, Washington to enroll at Washington State. The commander and his family stopped in Texas, Santa Ana and San Francisco to visit friends and relatives. They will fly to Kodiak from Seattle.

Mr. and Mrs. Winfield Hyde of Berkeley were guests of Capt. and Mrs. E. Frank Beck of Tahoma last week.

Mrs. Phyllis Howard of Carmel is vacationing at Donaldine Grass' cabin on Dollar Hill and entertaining friends. They enjoyed the Sammy Davis show at Cal-Neva.

Mr. and Mrs. Frances Martin are staying at the Sheldon Cooper place while the Coopers are in Rome for the Olympics.

The Soroptimists' Country Fair at Tahoe Lake School drew large crowds last weekend. Marie Henry who had the Hole-in-One Booth wants to especially thank Nancy

and David Lynn Donaldson for their fine help in setting up her booth both nights. In fact, all the Soroptimists, their friends and families turned out to make the event the success it was.

Nick Kettenhofen is working at Tahoe City Garage and was busy helping hand-pump gas when the power departed last Sunday.

Dorothy Friday was lucky enough to have her son and daughter-in-law, Jerry and Barbara, drive up to celebrate their wedding anniversary and they, along with Ralph Stanley, and other undaunted and helpful guests, provided a bucket brigade from the lake to supply Stanola Lodge with water.

Bill Zeibig was one person who had the situation in hand. He's equipped with both gas and electricity and was polishing up the Coleman lantern to press into service. At Vicki and Bob DeLong's on the south end, they had some one hauling in water and managed to serve until complete dark came one. Monday morning at Do-

RUTH WALLIS STARS AT NEVADA LODGE

CRYSTAL BAY—America's foremost singer of saucy songs, Ruth Wallis, shares the spotlight with one of the country's most versatile comedians, Pat Harrington, Jr. in the Nevada Room of the Nevada Lodge, located at the scenic north end of Lake Tahoe, on Thursday, August 25.

Ruth Wallis, who has appeared in top supper clubs throughout the nation, is playing a return engagement.

mercq's Richfield station, Tahoma, Al Fanger came up with an old lawn mower motor to pump gas there. The line of cars stretched for blocks to get a couple of gallons each. Post office star route driver, Helen Nevitt of the south shore, got a tank-full though, so the mail could go through to Tahoe Valley.

Young Spike Anderson, son of Piedmont butcher, Ray, kept everyone in touch with latest developments on the hour via his new transistor radio. Mighty thoughtful.

ment in the Nevada Room. From her double entendre saucy songs to the more sophisticated love songs Ruth Wallis lives up to the reviews that consistently applaud her performances.

Pat Harrington, Jr. is billed as "One of the Country's Most Versatile Comedians." His double-talking fractured Italian accent and off-beat sense of humor is his entertainment "trademark" known across the country. His characterization of one Guido Panzini, an Italian golf pro from Frulon, north of Tuscany, on the Jack Paar show was so realistic, the immigration service went to work trying to find his port of entry record.

CORRECTION

Some confusion may have resulted as a result of one line being left out of Porter's Wearing Apparel ad in the Sierra Sun last week. The line read "Sale Starts August 25th. Actually the sale did start today, but some customers may have gotten the idea it was on during the past week. It was the mistake of the paper, not Porter's."

By JUDGE HARRY CHARRISON

WEATHER

It has certainly been more comfortable, this after, Saturday, the breeze is quite cool.

ROAD

We have had quite a lot of activity on Brassy. Just as our

CERTIFICATE OF DOING BUSINESS UNDER FICTITIOUS NAME

KNOW ALL MEN BY THESE PRESENTS:

That we, MRS. HUGH D. BROWN and PATRICIA L. DAY, do hereby certify that we are transacting business in the County of Nevada, State of California, under the fictitious name and style of HUGH D. BROWN COMPANY.

That the principal place of business of the company are as follows:

125 South Auburn Street, Grass Valley, California, and

A. B. Cook Building Bridge and River Streets Truckee, California.

That the names in full of the members of said company and their places of residence are as follows, to wit:

Mrs. Hugh D. Brown 125 South Auburn Street Grass Valley, California, and

Patricia L. Day Truckee, California.

IN WITNESS WHEREOF, we have hereunto set our hands this 29th day of July, 1960.

Mrs. Hugh D. Brown Patricia L. Day

STATE OF CALIFORNIA) ss

COUNTY OF NEVADA)

On this 29th day of July, 1960, before me, Leo J. Todd, a Notary Public in and for the County of Nevada, State of California, residing therein, duly commissioned and sworn, personally appeared Mrs. Hugh D. Brown and Patricia L. Day, known to me to be the persons whose names are subscribed to the within instrument and acknowledged to me that they executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal the day and year above written.

LEO J. TODD Notary Public in and for the County of Nevada, State of California.

A11-18-25-SI

patience was exhausted, up come a battery of equipment, so we are somewhat relieved.

MOVED

Last week I reported that Paul and Pat Adamco were moving to the Truckee short cut but for some reason the article mentioned it would be in 1961, over a year away. Sorry, Paul and Pat, so here's the correction. Paul as you know is chef at the Crystal Bay Club, go see him. Peter Paul, their son is growing by leaps and bounds.

GOLF

An amateur golf tournament is scheduled for September 8, 9 10 and 11th. There are to be many celebrities, so be on hand and watch this big event, the greatest of the year and the Brockway course is at its best. Shall we see you?

STILL ILL

Sorry to hear that Mrs. Pete Bennett of Brockway is still quite ill but we are all hoping for some improvement.

CHECKS

Bouncing checks are still an unprofitable sport. San Quentin is one of the ultimate goals. Is it worth it?

TWO BROTHERS

Both Sam and George Harrison are really under the weather. George who is in St. Mary's Hospital with a bad heart condition, now has buritis, just one thing after another. And now our friend Sam has shingles to add to his many troubles. Hurry up, you two boys, we need to see you around and in good health, too. Audrey's out to a test these days, just when they want to move into their grand new home on Brassy Avenue.

COMING UP

Sam Faulkner's leaving for Santa Ana to pick up his mother and stepfather who will spend a couple of weeks vacation. We have not seen them for a long period. Happy gathering with your family, Sam.

LUCKY

Mrs. Inlow of Kings Beach, who has sold her property and with her husband is moving to Oakland upon doctors orders, was surprised a day or so before they left, when she had a call from Truth or Consequences, informing her that she had just won a beautiful TV set, priced at \$395, quite a going away gift, huh? It will be delivered to their apartment in Oakland and will be a welcome gift as well. We hope you will improve greatly by the change, Mrs. Inlow.

WELCOME

Our old friend, Bill Dugan, has as his welcome guests, his daughter, Edna and two nieces. They are sure a credit to Bill and the other way around too. Congratu-

SAVING IS EXPECTED WITH BOARD SHIFT

WOODLAND — Hoping to effect substantial savings in tax administration costs, Paul Leake, board of equalization member from the Third District of 25 northern counties, announced the consolidation of 16 counties into one group to be known as the Redding-Marysville District.

Merged will be the counties of Shasta, Tehama, Trinity, Siskiyou, Modoc and Lassen with Yolo, Colusa, Glenn, Sutter, Yuba, Butte, Placer, El Dorado, Sierra, Nevada and Plumas. L. H. Wilson of Marysville will be the administrator of the district.

Leake expressed confidence that the consolidation will not only bring about major savings to the state in operational costs but will strengthen the service for taxpayers. A regrouping of county offices by Leake in 1956 resulted in a saving of \$15,000 yearly. When the latest streamlining job for economizing goes into effect in October, Leake will have cut in half, the number of tax administrators and districts in his northern area.

H. P. Kerrigan, Redding, is being promoted to direct the board of equalization's expanding out-of-state functions. The state's revenue from out-of-state sources is running in excess of \$50 million annually. Kerrigan's headquarters will be in Sacramento. He will also supervise

lations, Bill. Bill is one of the popular VFW members. He has so many friends.

BROCKWAY HILL

Sometime ago, it was said the hill was just wide enough for two donkey carts to pass each other. Now it seems there is just room for one to go up alone so that it means it has almost become a one way road and still very dangerous. Rocks on one side and a deep bank on the other.

REPORT SHOW BOAT ACCIDENTS KILLED 28

SACRAMENTO — (CNS) — The state division of small craft harbors reports preliminary figures show 28 persons have been killed in California boating accidents in the four months since accident reports have been required.

In addition to the 28 fatalities, there have been 75 personal injuries. The division has received a total of 256 reports on 180 accidents. A total of 183 boats were involved in the accidents and 133 boats were damaged more than \$100 each.

There was an indication the fatality and injury figure would go considerably higher when the July reports are in final form. Original reports had shown 17 persons killed in April, May and June but this was revised later to 25 persons.

Reports for July indicate only three fatalities for that month so there was reason to believe this figure would climb. Thirteen persons died in boating accidents in

the board's New York and Chicago offices.

TAHOE WEATHER

TAHOE CITY — With six gates partly open, the level of Lake Tahoe Monday, subject to revision, was 6225.25. No precipitation has been recorded during the week and the temperature has ranged from 82 to 37 degrees.

The National Park Service was established in the department of interior in August, 1916.

June

The new law affecting boating took effect April 1, for the most part. That was the deadline for registration of all craft and the date on which reports of boating accidents first were required.

Some other features of the act still are not technically in effect. The new law empowered the division to adopt regulations for safety of operation and required equipment. These regulations have been adopted but still are not in final printed form or distributed to the law enforcement agencies charged with their enforcement.

Meanwhile, the department of motor vehicles reported 217,392 of an estimated 350,000 boat owners in the state had paid their \$5 fee and registered their craft.

CHRISTIAN SCIENCE
Meets at Wyethia Clubhouse,
Truckee.

Everyone Welcome
Sunday School: 9:30 a.m.
Morning Services: 11 a.m.
The vital significance of the life
and works of the master Christian
will be the central topic of the Les-
son-Sermon entitled "Christ Jesus"
which will be read at all Christian
Science churches Sunday.

Scriptural selections will include
the following from Luke's gospel
(4:40, 41): "Now when the sun was
setting, all they that had any sick
with divers diseases brought them
unto him; and he laid his hands
on every one of them, and healed
them. And devils also came out of
many, crying out, and saying, Thou
art Christ the Son of God. And he
rebuking them suffered them
not to speak; for they knew that
he was Christ."

A correlative passage to be read
from "Science and Health with Key
to the Scriptures" by Mary Baker
Eddy includes the following
(332:11-15): "The Christ is incor-
poreal, spiritual,—yea, the divine
image and likeness, dispelling the
illusions of the senses; the Way,
the Truth, and the Life, healing the
sick and casting out evils, destroy-
ing sin, disease, and death."

ATTEMPT TO REPEAL CROSS FILING STARTS

SACRAMENTO — (CNS) — An-
other attempt to repeal California's
cross-filing law, which prohibits
candidates from filing for election
on both major party tickets, will
be made at the 1961 session of the
state legislature.

This was announced by Assembly-
man Jack Schrade, San Diego Re-
publican, who said experience at
the primary election this year led
to nothing but confusion on the
part of the average voter.

Schrade said that although he
was barred from having his name
appear on the Democratic ballot,
that he received thousands of
write-in votes on the Democratic
ticket for everything from
assemblyman to supervisor, to con-
gressman, to judge.

"It's too much like Russia," he
declared, "to give the voter a bal-
lot at the primary election and say
'you have to vote for this or these
candidates.'"

"It deprives the people of the
opportunity for the candidate of
their choice, and violates the spirit
of California's historic law pro-
viding a free and open primary."

He also pointed out the system
provides political organizations
within parties to designate candi-
dates favored by party wheels,
thereby freeing out others who
might desire to run under the tra-
ditional concept of an open
primary.

NEVADA COUNTY FAIR

FIRE

(Continued from Page 1)
in the battle. These included forest service personnel, 625 Indian fire fighting experts, 520 navy and 25 marine enlisted men and 52 national guardsmen, 125 prison inmates for the risky task.

FIRST WIND

Ironically this was the first major fire of the season and was joined Sunday by the strongest wind of the year with blasts up to 60 miles an hour making it impossible for the fire fighters to halt the raging inferno as it spread northeast, by-passing Truckee only 2 1/2 miles, skirting Hobart Mills, the experimental station on Sage Hen Creek, and the buildings in Euer Valley, wiping out the E. E. Payen ranch buildings and being brought in check three miles west of Verdi.

Yesterday the fire was 85 per cent contained and 40 per cent controlled, with the control area extending from Sage Hen to Donner Lake and only about six miles still out of control on the line between the Toiyabe and Tahoe National Forests in the Dog Valley area.

Grant predicted that there would be a long period of mopping up the fire with a minimum crew on the area until after a heavy rain or the first snowfall of the year.

27 INJURED

Fortunately there were no casualties up to last night as the result of the fire although the Tahoe Forest Hospital reported 27 outpatients with minor injuries, three in the hospital with not serious injuries and two overnight patients.

STATISTICS

Some of the statistics on the fire up to Wednesday showed:

35,000 acres destroyed.

Length of fire: 23 miles, from 3 to 4 miles in width.

Perimeter of fire: 70 miles.

Equipment on fire: 74 caterpillars, 49 tankers, four helicopters, 12 planes, 21 civil defense fire trucks, scores of smaller vehicles.

Cost of suppression (still mounting): \$650,000.

Timber loss: \$3,500,000; 150,000,000 board feet.

Watershed loss: \$550,000.

SIX CAMPS

There were six camps established on the fire line, at Donner, Bennett Flat, Russell Valley, Sardine Valley, Bickford Ranch and Verdi.

There was no shortage of cooperation throughout the emergency.

MRS. E. M. FROST OF KINGS BEACH DIES

KINGS BEACH — Friends have learned of the death on August 18 of Mrs. E. M. Frost of Kings Beach and Fontana and the following interment held August 22 at Fontana. Sympathy is extended to the surviving husband of the deceased in the Lake area, where the couple have lived for a number of years.

A Happy Day—

Mrs. Oscar Schumacher who was 82 years young August 12 spent the afternoon at Reno, the guest of Mrs. Muriel Frey.

Baileys At Boca—

Mr. and Mrs. William Bailey of San Francisco were recent visitors at Boca.

with the civil defense, California Highway Patrol, sheriff's officers, state forestry, Red Cross and scores of others lending assistance. Nearby fire departments stood by as volunteers responded readily to calls for aid.

The forest service was quick to organize into branches and an information office was established to keep the public informed with up to the minute data. This was in charge of Grant, Dana Cox and Jack Parkinson.

KOH radio at Reno, through Charles McNeill provided hourly broadcasts even during the power blackout, keeping all informed of the progress of the fire and handling emergency messages efficiently and with dispatch.

CLOSE TO TOWNS

The fire came so close to inhabited communities, such as Donner, Truckee and Verdi that many people prepared to evacuate, although no order to do so was given by those in charge of the operation.

The flames swept within a few feet of several Donner Lake homes and businesses Sunday, but each time a threat developed scores of men and heavy equipment moved in to eliminate immediate danger.

POWER OFF

All lines of the Sierra Pacific Power Company over Donner were burned out Sunday afternoon at 4:12 and service to Truckee and vicinity was restored 22 hours later on an emergency basis. Reno was without power for some time after power here was restored.

ARTIST'S IDEA OF PROSSER DAM

PROSSER CREEK DAM AND RESERVOIR
An artist's conception of the new Prosser Creek dam and reservoir which was inspected by more than 100 interested guests of the Carson-Truckee Water Conservancy District last Thursday. The dam will impound waters of Prosser Creek to maintain a year-round even flow in the Truckee River.

PROSSER DAM

Continued from Page 1
group to soft drinks.

NEAR TRUCKEE

Prosser Creek Dam is located four miles northeast of Truckee, on Prosser Creek about 1 1/2 miles above its junction with the Truckee River.

The reservoir will be operated for flood control and, under a water exchange agreement, will improve the fishing in a 13-mile reach of the Truckee River downstream from the outlet of Lake Tahoe.

The dam is being constructed for the bureau of reclamation by R. A. Heintz Construction Company of Portland, Oregon.

Construction work started May 5, and completion of the work is expected about October 1961. Clearing of the reservoir area has been completed. In addition it will be necessary to relocate state highway 89, a county road, two power lines, a telephone line and a transcontinental underground telephone cable.

An underground fuel pipeline crossing the reservoir will be replaced in its present location with heavier pipe and additional protection. The county road and the transcontinental telephone cable will be re-routed across the top of the dam.

The dam when completed will be 139 feet high, 1,830 feet long and 30 feet across, with an 18-foot roadway. The dirt fill will require 1,700,000 cubic yards of dirt and 7,500 cubic yards of concrete.

The reservoir capacity will be 30,000 acre feet, and will be 2.5 miles long and 3.7 miles around.

FIREMEN MEET

KINGS BEACH—The governing board of the North Tahoe Fire Protection District will be held Thursday, September 1 at 8 p. m. at the fire station. Everyone interested is invited to attend.

Mrs. Eva Bigelow has moved from Loomis to Auburn.

Point trophy: Ralph Peer, II.

NEW SHOW STARTS ON BAL TABARIN BILL

CRYSTAL BAY — A new show starting Wednesday, August 24 at the Bal Tabarin at the north end of Lake Tahoe starring Betty Reilly, billed as the "Irish Senorita," with the Joe Loco Group. Reilly backed by the Latin rhythms of the Loco Group swings "far out" south of the border songs with an amusing Irish lilt.

Sharing the spotlight is the Norman Brown Quintet, an aggregation featuring jazz, jive and an amusing array of fast patter.

INCORPORATION

(Continued from Page 1)
application to the Truckee matter, in all probability.

It reads in part:
"The legislature then repealed the Act of March 27, 1850 as well as an amendatory act thereto contained in California Statutes 1855, Chapter 49, and provided a new procedure for the incorporation of towns (Calif. Statutes 1856, ch. 133). Under the latter provisions it is of interest to note that the county board of supervisors replaced the county courts as the incorporating authority, a procedure which the courts indicated as possibly being satisfactory from the standpoint of separation of powers in the Town of Nevada case. Section 16 of Chapter 133 also permitted the acting Board of Trustees of any town purportedly incorporated under prior law to petition the board of supervisors to incorporate the town. There is no evidence that either this procedure or the general procedure under Chapter 133 for incorporation was pursued in Weaverville and since Chapter 133 was repealed by California."

FROM HISTORY

Thompson & West's History of Nevada County, 1880, reveals that a petition being presented to the board of supervisors signed by 160 legal voters of Truckee, that body incorporated the town as "The inhabitants of the Town of Truckee" under provisions of an Act approved April 19, 1856, by the legislature.

The incorporation contained the south half of southeast quarter of section 10; the south half of the southwest quarter of the southeast quarter of section 11; the north-west quarter of section 14; the north half of the southwest quarter of section 15, and the southeast quarter of section 16, township 17, north, range 16, east.

The history goes on to say that the town government was to consist of five trustees, a treasurer, an assessor and a marshal, all to be elected January 18, 1879 and to hold office until the first Monday in May, 1879 at which time and regularly thereafter the town election should be held.

OFFICERS ELECTED

The officers, the history declares, were accordingly elected but did not qualify as a majority of the legal talent were of the opinion that the act was annulled by the adoption of the government code.

Since the incorporation remained dormant for several decades, the secretary of state a few years ago, declared it to be invalid. Whether that opinion by the secretary of state is valid is a moot question and can be answered only by a thorough study of the acts pertaining to incorporation, Webb believes.

TAHOE SQUAWS HAVE PROJECT FOR FALL

TAHOE CITY — The Tahoe Squaws would like to thank everyone who helped to make their recent thieves market such a success. Profit from the sale was used to purchase a Cavator Mark V, for frequency ultrasonic cleaner for the Tahoe Forest Hospital.

This equipment is of aid in insuring against organisms on surgical instruments and laboratory glassware.

For a fall project of civic interest, the Tahoe Squaws are promoting a study program concentrating on local, regional, county, state and national politics, non-partisan in content.

Mrs. David McBride of Tahoe City heads the study program committee. Tentative plans have been made to present political speakers at meetings, along with preparations for a panel discussion by local and regional keynote people.

The principal aim of the project is to have everyone registered and vote. They would like to organize baby sitting pools, transportation and other inducements for potential voters in the region.

MANY ATTEND LAKE BENEFIT PROGRAM

KINGS BEACH—Mrs. John Levr reported that despite the change in weather Saturday evening, many people patronized the Soroptimist Club's scholarship fair at the Tahoe City school grounds, the scene made attractive with Japanese lanterns and the able barkers holding attention with their spiel.

Proceeds will be given to the scholarship fund so that some girls, qualified to do so, may attend the college of their choice.

The club will meet at 7:30 a. m. September 6 in the Crystal Bay Club.

LUNARDI WILL SPEAK AT LAKE MEETING

TAHOE CITY—Paul Lunardi of the Sixth Assembly District will be the guest speaker August 30 at the noon meeting of the Tahoe City Rotary Club to be held at Tahoe Inn.

Lunardi will talk on the propositions numbers one and 15, extremely important to residents of northern California. William Briner of Tahoe City, Placer County supervisor who is program chairman said that members of the organization are welcome to take guests and that a good turnout is expected.

KATHRYN MATSON IS WED IN IDAHO FALLS

Miss Kathryn Matson and Paul La Vaun Williams are being united in marriage at a religious ceremony performed today in the Latter Day Saints Mormon Temple at Idaho Falls, Idaho.

The bride is the daughter of Mrs. Roy Waters of Truckee and C. M. Matson of Yuba City. She is a graduate of high school at Marysville and attended Yuba City junior college before graduating from Brigham Young University at Provo, Utah, is affiliated with Spurs, national sorority, Y Calcares, White Key honorary organizations. During several summers Miss Matson was on the local Bank of America

staff and has been teaching school in Idaho Falls.

The bridegroom is the son of Mr. and Mrs. Alexander Williams of Idaho Falls where he attended school, later went to the University of Idaho at Moscow and the Brigham Young University at Provo, Utah. He is affiliated with Lambda Delta Sigma, Intercollegiate Knights, Alpha Phi Omega and also served as a missionary of the Mormon Church for two and half years in France.

The young couple plan a trip to California and the bride's parents will entertain at a reception at 8 o'clock, August 27 in Yuba City. The parents of the bridegroom will also be guests of Mr. and Mrs. Roy Waters.

HURRY UP, PENNY. WE DON'T WANT TO KEEP THEM WAITING.

GET THE TOWELS, AND I'LL MEET YOU AT THE FRONT DOOR.

WHERE ARE YOU GOING, PENNY AND PAT?

WE'RE GOING SWIMMING WITH TEDDY AND TRUDY.

YOU'VE BEEN SWIMMING THERE EVERY DAY.

ONLY SINCE COUSIN WILBUR PUT IN THE POOL, MOM.

I THINK YOU'VE BEEN TAKING ADVANTAGE OF A GOOD THING.

YOU'VE BEEN OVER THERE TOO MUCH!

BUT WE HAVE TO GO, MOM--

YESTERDAY WE HEARD COUSIN PHOEBE SAY, 'EVERYTIME I LOOK IN THE POOL THE TWINS ARE THERE. SO WE CAN'T DISAPPOINT HER.'
